

ROC		PHONE CALL		CONFERENCE	DATE: 09/25/12
	X	DISCUSSION		FYI	TIME: 9:15 am
TO: FILE					
FROM: Arnold Bierschenk					
SUBJECT: SAP and QAAP, Area Permit, Osage Co., OK for Chaparral Energy, L.L.C.					

Jeff Brammer (405)532-2766 called wanting to know if they needed to submit the SAP and QAAP to EPA before sampling. In discussions with Phil Dellinger and Ron VanWyk, and looking at the permit, it was determined that the SAP and QAAP need to be submitted as part of the permit language.

It was conveyed back to Jeff to send the documents in prior to performing sampling, and that Ray L., Mike O. and Arnold B will review and make sure sampling procedures will comply with the permit conditions prior to sampling.
